

## ENVIRONMENTAL POLICY - SNOWSHILL HILL ESTATE B&B

# SNOWSHILL HILL

# ESTATE

Here at Snowhill Hill Estate B&B we are committed to providing a good quality service whilst minimising the environmental impact of our activities.

A symbol of this commitment is our membership of the Green Tourism Business Scheme. The scheme provides accreditation and encouragement for tourism businesses to reduce the environmental impact of their activities. By encouraging sustainable practices the scheme ensures the continued enjoyment of the environment around us for future generations.

Some of the main steps we have taken to reduce our impact are:

- ☑ Buy local - trying to use local products at our breakfast table to give you a truly Cotswold breakfast and try and support local communities and businesses.
- ☑ Respecting nature - helping to look after the countryside, our environment here on the Estate. Using footpaths and cycle-ways and encouraging our guests to do so.
- ☑ Recycling plastics, paper, glass, furniture and carrier bags.
- ☑ Use of energy efficient measures where possible and monthly monitoring of our energy usage.
- ☑ Provision of information regarding our business's and local environmental matters within a Green File.

The signature of the manager confirms the commitment to environmental improvement in this business.
